

FIRE SAFE COUNCIL MEETING MINUTES

Call to order by John Bauer
Flag salute led by Bruce LaClaire
Introduction by all in the room

John Aziz recapped 2015 tri-community green waste program: Highlights of the program. Wrightwood has cleared the equivalent to 100 lbs of hazardous fuels per structure, per year for the past 9 years in a row. Ben Smith of MT High Ski Resort talked about the benefits of the pine needles for the ski resort.

John Aziz acknowledged all who participated and donated time and money. A special thanks to Mike Troeger of Mt Hardware for their donation.

Under Public Comments:

Shawn Troeger talked about the monument process and importance of getting involved early of the Wrightwood citizens. Shawn passed out a paper stating the beginning of the environmental assessment.

Approval of the minutes: John Aziz recommended approval, Bruce LaClaire seconded it. The minutes were approved.

Discussions began about trees dying along Highway 2. It appears it maybe caused by the use of salt as a deicer. Discussions continued with input from the audience and from Glenn Goldstein about the types of salt used. Some salt is better and less harmful than others. Salt brine is now type being use.

Brian Skerston from Angeles National Forest said they were at summer readiness.. Lauren Blake sent an e-mail saying she was re-assigned to the San Dimas Technology and Development Center for four months.

Cal Fire, Mary Stock, said they were ready for fire season.

San Bernadino County Fire Chief Jeff Birchfield gave statistics on all fire calls during the month.

No Treasurers report

Meeting was adjourned next meeting July 21, 2015
